Beware of "spoof e-mail" using our company name offering a business opportunity

Recently, we have been receiving inquiries that "spoof emails", using our company's, president's and non-existing executive's name, are being sent to business owners/persons in and around USA and Canada.

These emails were sent from a person named "Hideo Satoyuki" using a very misleading mail address ending "@hsc--cranes.com", however they have absolutely no connection whatsoever to our company.

If you receive a suspicious e-mail like this, please do not react to it.

Should you have any further queries or wish to contact us regarding a suspicious e-mail, please use the following [Inquiry Form](#).

Thank you.
